

Date_____ Period_____

1) $1.35 + 1.18$

[illegible]

The diagram illustrates a neural network structure. It consists of two input layers on the left, each with 4 nodes. These are connected to a first hidden layer with 6 nodes. The first hidden layer is connected to a second hidden layer with 5 nodes. Finally, the second hidden layer is connected to an output layer with 3 nodes. An arrow points from the top-right node of the first hidden layer to the bottom-right node of the second hidden layer.

Complete the diagram to find the sum.

2) $1.45 + 1.16$

 $+$

Draw a diagram to find the sum.

3) $1.16 + 1.55$

Date_____ Period_____

1) $1.35 + 1.18$

[illegible]

The diagram illustrates a neural network structure. It consists of two input layers on the left, each with 4 nodes. These are connected to a first hidden layer with 6 nodes. The first hidden layer is connected to a second hidden layer with 5 nodes. An arrow points from the top-right node of the first hidden layer to the bottom-right node of the second hidden layer. The output layer on the right has 3 nodes.

2.53

Complete the diagram to find the sum.

2) $1.45 + 1.16$

Draw a diagram to find the sum.

3) $1.16 + 1.55$
